Education

Bachelor's Degree 2022-2025 Aryabhatta College

of Engineering and Research

Center

Additional Information

Languages: English, Hindi

Hobbies: Building MERN projects, learning new technologies, exploring UI/UX trends

- Created **30+ reusable React components**, improving development efficiency

- 
- Implemented complete CRUD workflows across multiple modules
 - Optimized frontend and backend performance, reducing page load time
 - Debugged and resolved issues to ensure application stability
 - Collaborated with designers and team members to deliver features within project timelines

Contact Management Application (MERN)

- Developed a full-stack application to manage contact information with CRUD functionality
- Implemented backend APIs, form validation, and responsive React UI
- Managed **200+ contact records** efficiently

School Management System

- Built a multi-module system including Students, Teachers, Classes, Attendance, and Reports
- Developed **12+ REST APIs** and structured MongoDB collections
- Managed **500+ student records** with optimized data handling

Online Service Booking Application

- Created an end-to-end booking platform for online services
- Implemented service listings, booking workflows, and backend logic
- Supported **50+ service listings** with automated booking flow

Portfolio Website

- Designed and developed a responsive personal portfolio using React.js
 - Showcased projects, skills, and professional experience across **5+ sections**
-
